Objective

I have recently graduated from the University of Minnesota Full Stack Web Development Bootcamp. I am eager to apply my newfound coding skills and passion for the tech world. I am seeking opportunities to contribute to innovative projects and continue my growth as a software developer.

Education

Certificate in Full Stack Web Development from University of Minnesota received on September 14th, 2023

Bachelor of Arts in Elementary Education *minor in Early Childhood Development* from Winona State University 3.7 GPA, May 2015

Skills

- Development skills in HTML, CSS, JavaScript, jQuery, Git, GitHub, React, Node.js, APIs, Inquirer, Jest, Express, SQL, MySQL, Sequelize, NoSQL, MongoDB, Mongoose, and Handlebars
 - Familiarity with GraphQL, Jira, Agile Framework, and TypeScript

Work History

First Grade Teacher | Hmong College Prep Academy | Aug 2015 - July 2019

- Lead weekly PLC planning meetings with team members
- Adhered to the multiple curriculum's (both school provided and self-created) scope and sequences to ensure students met standard requirements for the year.

Kindergarten Teacher | South Washington County Schools | July 2019 - Aug. 2023

- Participated in weekly PLC planning meetings with team members.
- Lead the school's climate and culture committee.
